### **\*Purpose of this Handbook**

When someone requests services from RAMP, both you and RAMP staff have obligations and responsibilities to ensure that the services are delivered in a manner that is consistent with the independent living philosophy.

## **About RAMP**

**Who** is RAMP? A not for profit agency operated by people with disabilities designed to serve people with disabilities. Over 50% of our staff, Board of Directors, and volunteers are people with disabilities.

**What** does RAMP stand for? It used to stand for Regional Access & Mobilization Project, Inc. However for simplicity reasons, we are RAMP.

**When** does RAMP begin to assist people? We assist and support individuals with disabilities upon their request and when it is in alignment with the Independent Living Philosophy. We are a consumer driven agency. This means the consumer decides the direction that they choose to take. RAMP supports these choices with discussion, direction, encouragement, and support, with the ultimate goal for our consumers to live an independent life.

**Why** does RAMP exist? Centers were created to be run by and for people with disabilities, and offer support, advocacy, and information on empowerment in the attainment of independence from a peer viewpoint

**How** is RAMP supported? We are supported through the award of federal and state contracts. We also are supported by local United Ways in several of the communities we serve, fundraisers, fee for service programs, private grants, and several others.

## **\*Eligibility for Service**

Anyone with a significant disability, residing within RAMP's four (4) county service area is eligible to request services, and will be provided services as necessary and appropriate. The term "individual with a significant disability" means an individual with a severe physical or mental impairment whose ability to function independently in the family or community or whose ability to obtain, maintain, or advance on employment is substantially limited. RAMP does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its services, activities, or operations.

Once we receive a request for services, we will contact you within 3 business days to discuss possible services. If you and RAMP agree an intake is required for you to meet your goals, this intake will be scheduled within 2 weeks or 10 business days unless you and the staff person agree to meet at a later date.

At the intake you will review all of RAMP's services, your rights, responsibilities, and barriers to achieving your goal and will develop a plan to address your goals and barriers. RAMP conducts a Person Centered Assessment & Plan with all consumers who are 18 and older or with families of minors per their request. This assessment will aid us in developing and prioritizing goals.

In the event you contact RAMP and we are unable to serve you due to circumstances outside of our control, we will refer you to another organization that can assist you. An example of when this could occur: You want RAMP to assist you in finding a job. There is no more funding left for the program.

RAMP is not allowed by the funding source to accept any new referrals until a specific date. RAMP would refer you to the funding source for a referral to another vendor without a waiting list.

If you have a guardian, we will need to obtain a copy the guardianship document. If you have a Power of Attorney (POA) who you believe needs to approve your services or sign your paperwork, we will need a copy for your file. Please remember, that just because you have a POA, does not mean that they “need” to be involved with your services at RAMP. Most POA’s only take an active role if you are unable to make decisions for yourself.

## **\*Consumer Rights**

As a consumer of RAMP, you have the **right** to:
